MEETINGS & INTERACTIONS

Dr. Abhilasha Gaur COO & Mr. Mangesh Regional Manger West, ESSCI visited Digitech Controls & Systems labs at Savitribhai Phule Pune University.

Digitech is the leading manufacturer and exporter of a wide range of Control Trainers, PLC Trainers, Fluid Mechanics Lab Equipment, Hydraulic Lab Equipment, etc.

Dr. Abhilasha Gaur, COO ESSCI and Mangesh Mithey, Regional Manager West visited Yazaki Manufacturing Plant at Kesnand, Pune, Maharashtra and interacted with the Production, HR and Training teams & discussed various skill development initiatives & best practices implemented by Yazaki in their plant & learning center.

Yazaki Group is one of the world's largest wire harness manufacturer.

Team ESSCI met Mr. Shrikrishna Gadgil, CEO MCCIA Electronic Cluster Foundation (MECF), Pune & discussed various skill development initiatives for the MECF Brownfield EMC Cluster - CFC in Pimpri Industrial Area Pune, Maharashtra.

A growing economy like India needs a comprehensive programme to equip its youth with the requisite skills to make them a quality conscious, safe and productive workforce. Dr. Abhilasha Gaur, COO ESSCI visited L&T's Skill Trainers' Academy (STA) located in Madh, Mumbai on 18 April 2022. ESSCI works closely with the STA for Training of Trainers programme.

One of the key factors for the programme is the need to have high calibre trainers who can successfully convert the youth into a highly skilled globally competitive workforce. STA vision is to develop a skilled workforce to lead the way to making India the skill capital of the world by Training the Trainers effectively.

Effective training is a valuable skill. For, trainees can be only as good as their trainers. In order to increase the effectiveness of skill-training programmes, it is essential that those entrusted with imparting these skills be trained to do it in a way that is easily grasped by the trainees.

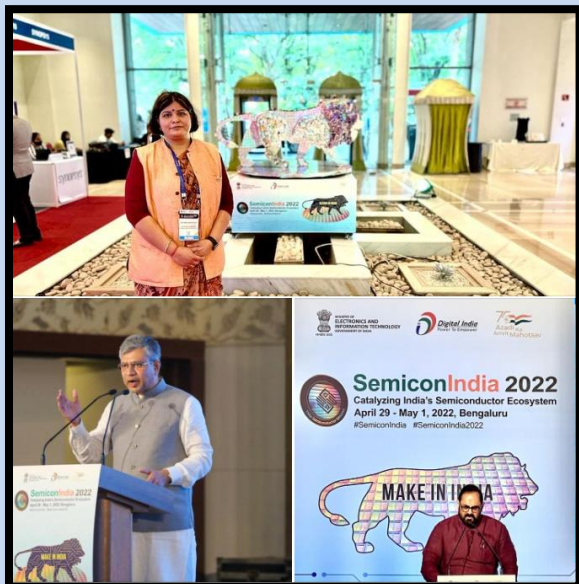

The training is conducted in well-equipped classrooms which are designed for interactive and experiential learning. Hands-on practice is given in state-of-the-art laboratories and workshops with equipment for domain testing and training. All programmes are conducted by Certified Master Trainers with rich industry experience.

Dr. Abhilasha Gaur, COO ESSCI attended the inauguration of Skilling Center started by All India Foundation of Deaf Women at Kamani chambers, Mumbai.

M. Rajyalakshmi Rao - Founder Chairperson of the All India Foundation of Deaf Women & an Independent Director of Tech Mahindra Limited has taken this initiative with her team for the empowerment of deaf women in 17 states. Lot of eminent guests were present in the event like Padamshree Dr. Kalpana Saroj Chairperson of Kamani Tubes, Andrea Kuhn Consul-General of South Africa, Tehmina Khandwala chairperson FICCI FLO, Saurabh Shah Regional President Indo American Chamber of Commerce- West India Council, Mudit Jain MD DCW Ltd. and many other dignitaries graced the occasion and provided their support for this cause.

ESSCI will be working with All India Foundation for Deaf Women for various skill development initiatives across India.

Dr. Abhilasha Gaur (COO), Dr. Devraj (VP Technical) & Ms. Rohini (Regional Manager) attended the SemiconIndia 2022 Conference. It is being organized by India Semiconductor Mission in partnership with industry and industry associations under the visionary leadership of Hon'ble Prime Minister Shri Narendra Modi with the aim to make India a global hub for Semiconductor Design, Manufacturing and Technology Development which will help propel the vision of India Semiconductor Mission.

Theme: Catalyzing India's Semiconductor Ecosystem

Vision: To position India on the Semiconductor map of the world and build a vibrant semiconductor innovation and manufacturing ecosystem.

COLLABORATION

ESSCI signed an MoU in April 2022 with a multi-brand, Omnichannel, EV distribution and sales company Blue Bolt Electric Private Limited on 19th April 2020. The objective of signing this MoU is to launch New Age Skill Programs in electric vehicle technologies and facilitating short term on job training, internships, apprenticeship and placement in reputed electronics industries. Some of the major points these two companies will work on.

TRAININGS CORNER

SDI Bhubaneswar gets India's first Skill India International Centre

Shri Dharmendra Pradhan, Union Minister of Skill Development and Entrepreneurship and Minister of Education, launched India's first Skill India International Centre at Skill Development Institute (SDI) Bhubaneswar on Saturday. At the institute, the Minister also launched WorldSkills Academy and National Academy for Skill Teachers. There were also several MoU signings between National Skill Development Corporation International (NSDCI) with the State Government of Odisha and overseas employers.

Further, the National Academy for WorldSkills Competitions will offer training of trainers, corporate training, upskilling and trade testing, thereby creating a pool of potential competitors for IndiaSkills and WorldSkills competitions. And the National Academy for Skill Teachers will be skilling teachers and assessors alligning with the emerging needs of technical and vocational education. The academy would identify and evaluate impact of emerging trends in teaching and skill delivery and would prepare technical and vocational education and training (TVET) teaching staff for the emerging job roles.

"The launch of Skill India International Centre, WorldSkills Academy and National Academy for Skill Teachers at SDI Bhubaneswar and the signing of MoU between NSDC and international employers are big strides towards transforming India into the skill capital of the world," said Shri Pradhan. The minister further added that the initiatives launched today will not just open up overseas job opportunities for the youth, but will create a world-class workforce.

C P Plus Month's first Certification Program commenced in Rajkot scheduled from 18th to 21st April 2022 at the Fortune Park JPS Grand, Rajkot.

C P Plus Month's first Certification Program commenced in Raipur scheduled from 25th to 28th April 2022. A four days certification program by OEM in affiliation with ESSCI
