## MEETINGS & INTERACTIONS

Dr. Abhilasha Gaur, COO, ESSCI participated as an esteemed panelist in Digital Adda- Stairs to Skills panel discussion organized by Nasscom on 9th June 2023. This insightful webinar proved to be an engaging and informative session for all participants. The discussion was expertly moderated by Kirti Seth, adding depth and structure to the conversation. The panelists shared their valuable perspectives and experiences, emphasizing the importance of industry involvement in skill development initiatives. This interactive session served as a catalyst for meaningful collaborations and partnerships between industry stakeholders. The webinar proved to be a significant step toward fostering a skilled workforce and promoting the growth of the digital ecosystem in India.

# Batch Launch at Dixon Technologies

## MEETINGS & INTERACTIONS

The Electronics Sector Skills Council of India took part in the Batch Launch event at Dixon Technologies in Noida on 16th June 2023, . This event was organized under the aegis of the Ministry of Electronics and Information Technology's (MeitY) capacity building scheme for in the Electronic System Design and Manufacturing (ESDM) sector. The Batch Launch event provided an excellent platform for aspiring students to undergo training and acquire valuable expertise in the ESDM field. Through such initiatives, ESSCI and MeitY are driving the growth and development of the electronics industry by equipping individuals with the necessary skills to meet the demands of this dynamic sector.

# ESSCI's Webinar on National Apprenticeship Promotion Scheme(NAPS)

## MEETINGS & INTERACTIONS

4

The Electronics Sector Skills Council of India organized a webinar with the objective of spreading awareness about the National Apprenticeship Promotion Scheme (NAPS) on June 21, 2023. The webinar aimed to educate participants about the benefits and progress of apprenticeships in the electronics sector. Notable industry experts, Mr. Manmohan Singh Koranga, Head- Siemens Technical Academy at Siemens Limited India and Mr. Sudheer Shetkar, Deputy Manager-HR at IFB Industries Ltd., shared valuable insights during the session.

The webinar witnessed an impressive turnout, with over 250+ participants actively engaging in the event. The attendees had the opportunity to interact with the esteemed speakers, allowing for a fruitful exchange of ideas, experiences and knowledge.

# MSDE's workshop on "Role of Sector Skill Council for an Agile and Responsive Skill Ecosystem"

## MEETINGS & INTERACTIONS

5

The Electronics Sector Skills Council of India participated in a workshop organized by the Ministry of Skill Development and Entrepreneurship (MSDE) on the topic of "Role of Sector Skill Council for an Agile and Responsive Skill Ecosystem." The workshop took place on June 24, 2023 at Kaushal Bhawan. Esteemed members from MSDE, NCVET (National Council for Vocational Education and Training), NSDC (National Skill Development Corporation) and DGT (Directorate General of Training) were present, along with Chief Executive Officers and senior officials representing various Sector Skill Councils.

During the workshop, valuable insights were shared by the participants on driving innovation and progress in skill development. The focus was on the crucial role played by Sector Skill Councils in building a dynamic and responsive skill ecosystem. The discussions revolved around the importance of aligning training programs with industry requirements, enhancing quality standards and fostering collaboration between academia, industry and the government.

# Memorandum of Understanding with Pimpri Chinchwad Education Trust

## MEMORANDUM OF UNDERSTANDING

6

The Electronics Sector Skills Council of India and Pimpri Chinchwad Education Trust (PCET) in Pune joined forces through a Memorandum of Understanding. This strategic collaboration has been established with the objective of fulfilling the skill development requirements of PCET, Pune and expanding the range of electronics courses offered to engineering students. The MoU was signed on June 27, 2023 for a duration of three years, symbolizes the commitment of both parties to enhance the educational landscape and equip students with the necessary expertise in the field of electronics.

Dr. Abhilasha Gaur, the Chief Operating Officer of ESSCI and Mr. Girish Mohan Desai, the Executive Director of PCET, were the signatories of this significant agreement, paving the way for a fruitful partnership.

# Tripartite Memorandum of Understanding with LG India and NSIC

On the occasion of MSME Day, ESSCI signed MoU with LG Electronics India Pvt Ltd. (LG) and NSIC on 27th June, 2023 in the presence of Shri Narayan Tatu Rane, Honourable Cabinet Minister of MSME, Shri Bhanu Pratap Singh Verma, Honorable Minister of State of MSME, Shri S. C. L. Das, Secretary ( MSME) .The MoU was signed by Dr. Abhilasha Gaur, Chief Operating Officer, ESSCI, Mr. Tae Jin Chang, Vice President, LG Electronics India Pvt. Ltd and Mr. Kartikeya Sinha, Director (Planning & Marketing), NSIC. In this endeavour, the LG Electronics and Electronics Sector Skills Council of India (ESSCI) will set up a Centre of Excellence at NSIC- Technical Services Centre at Chennai and Hyderabad, aimed at training the under privileged youth in the fields of consumer electronics and appliances. This will open new avenues in field of electronics for the youth and generate skilled manpower for employment in this sector.

# Memorandum of Understanding with Commissionerate of Collegiate Education Government of Andhra Pradesh

## MEMORANDUM OF UNDERSTANDING

The Electronics Sector Skills Council of India, took a significant step towards promoting industry-integrated skills in the field of Electronics System Design & Manufacturing (ESDM) and IT sector. On June 27, 2023 Lalu Dharvarth, Regional Head, ESSCI signed a Memorandum of Understanding (MoU) with the Commissionerate of Collegiate Education, Government of Andhra Pradesh. The primary aim of this collaboration is to introduce and enhance industry-relevant skills among the students of degree colleges in Andhra Pradesh.

This Collaboration seeks to bridge the gap between academia and industry in the state. This partnership will facilitate the development of a comprehensive curriculum that aligns with the current and emerging trends in the ESDM and IT sectors. Students will have access to practical training, hands-on experience.
